EXPERIENCE

Dec. 2014
...
Jun. 2014

Movio 📍 Auckland, New Zealand

Working on the user interface of both Movio products, Movio Cinema and Movio Media, for the movie industry. Modern stack using mostly Angular, Akka and Spray.

Apr. 2014
...
Dec. 2012

Zengularity 📍 Paris, France

Working as web architect, enjoying building websites using Play, Scala, MongoDB and, of course, HTML5, CSS3, JavaScript and all that awesome stuff we call open-source and the internet.

Aug. 2012
...
Jun. 2012

Mipagar 📍 Amsterdam, Netherlands

Through Startup Bootcamp, I joined the startup Mipagar to help them finish their user interface and review their RESTful API for their brand new concept around real-time billing tools.

Jun. 2012
...
Aug. 2010

Celad 📍 Toulouse, France

Doing quite heavy Java EE web applications for Intertitres, a subsidiary of a french bank named Natixis. Nice challenges but living a bit in the past.
